

At Brendon we can control all of the manufacturing processes. Thanks to our skilled in house team we Design it, Cut it, Bend it, Weld it, Mold it, Paint it, Build it and finally Test it!

That's a great depth and strength to have and it allows us to adapt and react quickly to build and deliver just what our customers need and when they need it!

Our machines are "BUILT TO LAST" and many machines are still working reliably after more than 30 years of service.

Parts and service back up is very important to us and we pride ourselves on our next day parts availability.

SPECIFICATIONS

Pressure	3000 PSI / 207 BAR
Volume	3.3 GPM / 15.0 LPM
Pump	Quality Triple Piston Cat Pump
Engine	Choice of Yanmar Diesel or Honda Petrol
Drive	Long Life Belt Drive
Noise	99 Lwa dB (Petrol) 108 Lwa dB (Diesel)
Water Tank	960Ltrs Polyethylene
Anti-Freeze Tank	15Ltr Polyethylene
Detergent Tank	28Ltr Polyethylene
Lance	1m Lance Standard
Hose Reel	15M HP 3/8" High Pressure Hose
Thermo-sensor Valve	Protects pump from Overheating
Trailer Running Gear	Aiko 1500Kg with Overrun Brakes
EU Type Approval	Type Approved to Directive 2007/46/EC
Weights	500Kg Empty - 1500Kg Full
Dimensions LxWxH mm	3450mm x 1510mm x 1350mm

Higher Pressures & Volumes available for specialised cleaning tasks. Up to 500 Bar and flow rates up to 40 Ltrs/Min. Please ask for further details.
