

RAVEX™ HT500M Mini Magnetic Diesel Exhaust Filter Kit

The Mini Magnetic Diesel Exhaust Filter Kit is perfect for smaller spaces - such as basements - as it's lightweight and portable, whilst remaining highly effective.

The unit is quick and easy to install and importantly, is adaptable to most mobile *and* static diesel plant machinery.

Removing up to 95% of harmful particles from diesel engine exhausts, the Mini Magnetic Diesel Exhaust Filter Kit is a must for all construction sites where diesel fumes are prevalent.

Key product features:

- Adaptable to most mobile and static diesel plant and machinery
- Fast installation time
- Universal exhaust fitting
- Quick release filter housing
- No straps required
- Compact and lightweight
- Removes 95% of particulate from diesel engine exhausts
- Long-lasting high efficiency filter element
- Complies with COSHH regulations
- Proven performance

Key applications:

- Paint fume extraction
- Basement excavations
- Warehouse construction
