

LIFT Series

The Lyte Industrial Folding Tower System offers a highly portable and easy-to-assemble scaffolding solution for industrial tasks. This compact, mobile tower fits into small vans or estate cars, making it ideal for professionals on the go.

Key Benefits

- **Certified Safety:** Certified to BSEN1004-1:2020 standards, ensuring safe operation.
- **Quick Assembly:** Spring-loaded tower claws replace traditional pull rings for fast setup.
- **Compact & Portable:** Folds down easily for transport and storage in small vehicles, including most small vans and estate cars.
- **Narrow Width:** Designed for easy manoeuvrability in tight spaces.

Available in 8 sizes
